

All volunteers coming to serve in Guatemala or Honduras will need to complete the DBS check BEFORE arrival. We would like to explain the process for all UK applicants. For non-UK applicants you will need to apply in your own country for a Criminal record Check and bring this with you when you come together with a reference so that we can confirm the validity of the document. All we are trying to do is keep vulnerable children safe and so are committed to their protection and so have be diligent in these matters. Thank you for your understanding.

STEP ONE: Go to the link: <https://www.dbsassist.co.uk/crbs/> and click "Start Application"

STEP TWO: Enter in "STRE12" under Organisational Reference and the same under Password

STEP THREE: Complete the form and then prepare your payment and legal documents as required under each group

STEP FOUR: We will get a confirmation, but do let us know when you have completed so that we can ensure payment has been made and then can check your documents.

If you can get a DBS done through your church, school or other entity then please do give us the DBS reference number.

U.S. residents can get a background check done through our partner Protect my Ministry <https://www.protectmyministry.com/background-checks/online-consultation/>
